

A collection is coming to Victoria!

Got **unwanted AgVet chemicals** on your farm? **Don't miss your chance** to safely dispose of them in this year's ChemClear collection.

ChemClear works in 6 simple steps

Step 1 - Inventory

Take an inventory of unwanted AgVet chemicals.

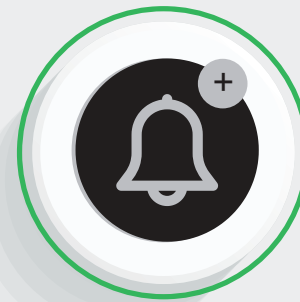

Step 2 - Register

Register your chemicals online or call our toll-free number 1800 002 182.

Step 3 - Store

Store your chemicals in a secure area, away from people, animals and potential hazards.

Step 4 - Notification

Once a collection is scheduled in your area, you'll get notification of the date, location, and time.

Step 5 - Transport

Transport your registered chemicals to the collection point safely, by a ute or truck.

Step 6 - Dispose

ChemClear's professional team will collect and safely dispose of chemicals.

Register before 31st January 2025
